

# PAPER SUBMISSION GUIDELINES FOR THE NDES2004 WORKSHOP

*NDES2004 Technical Program, A. Uthor and A. Zweistein*

Centro de Geofísica de Évora,  
Universidade de Évora,  
Évora, Portugal  
e-mail: ndes2004@uevora.pt  
WWW:<http://www.cge.uevora.pt/ndes2004>

**Abstract**—*This document defines the style guidelines and submission process for papers to be presented at the “12<sup>th</sup> International Workshop on Nonlinear Dynamics of Electronic Systems 2004” (NDES2004) held in Évora, Portugal, May 9-13, 2004. It is written in the described style and may be considered as a reference.*

**included in the proceedings!!**

## I. MANUSCRIPT SUBMISSION

Authors are kindly invited to submit a manuscript of the (draft) paper before **February 9, 2004**. The maximum paper length is **4 pages for both a regular oral and a poster presentation**.

Invited keynote presentations are provided with up to **8 pages** space in the workshop proceedings.

Papers can only be submitted via the NDES2004 website. Please use **PDF** files. More information about how to submit a manuscript can be found at the workshop website.

After review by an international committee of reviewers, authors of accepted papers are requested to prepare a camera-ready manuscript for the NDES proceedings. The review committee can request (slight) changes of, or additions to the manuscript. All **final camera-ready papers** must be submitted via the website to the conference organization **not later than March 22, 2004**.

**Papers will only appear in the proceedings, if at least one of the authors has pre-registered for the workshop before the early-registration deadline: March 1st, 2004.**

Please do not send papers by e-mail or regular mail! Submissions not corresponding to the above formats will not be accepted.

## II. LAYOUT SPECIFICATION

This section describes the layout defined for the NDES proceedings. **Please strictly follow these specifications. Papers not complying with it (esp. in layout geometry and typesetting) will not be**

### A. Colors

The proceedings will be printed in black and white. No color text or color graphics are allowed. Figures may appear in grayscale.

### B. Geometry

The document must be created using the A4 paper size (210mm x 297mm). The margins are

- 20mm left and right,
- 30mm on top and bottom of the pages.

Please set the document in two columns with 5mm column separation.

### C. Typesetting

For the paper the Times New Roman font in 11pt size with single spacing should be used.

### D. Title

The title of the paper appears on the first page, centered over both columns and is set in 14pt bold capital letters.

### E. Author Name(s) and Affiliation(s)

The author names appear below the title in 12pt size, italic. They are also centered over both columns. The affiliations should be given below the author names and should contain necessary information for contacting the authors (i.e. postal address, email, etc.). Please typeset the affiliations in 12pt normal style.

### F. Headings

Section headings should appear in 11pt, caps letters. Please center the section headings with respect to the columns. Sections are numbered with

roman numbers.

Subsection headings are set in italic, 11 pt., but not in caps letters. They are aligned on the left of a column.

#### *G. Figures, Tables, etc.*

Figures should be numbered in the order of appearance in the paper. Please give each figure a caption in 10pt size, centered under the figure.

Since the dimension of the pages will be appreciably reduced in the final version of the proceedings (about 30%), please set the dimension of the figures as large as the width of a column. You may include figures stretching over both columns at the top of a page.

Other objects with variable position (e.g. tables) are treated in the same way as figures.

#### *H. Equations*

Equations are centered with respect to the columns. If necessary, they may possess a reference number on the right, e.g.

$$A = (B+C)^D \quad (1)$$

### III. CONTENT REQUIREMENTS

#### *A. Abstract*

The paper should start with an abstract giving a short overview on the discussed matter and the presented results. With respect to the layout the abstract is written in italic, 11pt, and it is not considered as a separate section.

#### *B. References*

Please list and number all references in the order of appearance at the end of your document. Use square brackets for the reference list and the citations, e.g. [1].

Please treat the references as a separate section, do not number and use 10pt for the reference entries (for an example see the references section of this document).
